Board of Governors:
The Role of Governor

Introduction

The Board of Governors of Liverpool John Moores University (LJMU) collectively oversees the activities of the Institution, determining its future direction, ensuring the strategic plan and institutional mission are achieved, and cultivating an environment in which the potential of all students and other clients is maximised. The Board ensures compliance with the Articles of Government regulating the University and the governance framework, and takes all final decisions on matters of fundamental concern in collaboration with the Vice-Chancellor and other appropriate executives, unless this would be inappropriate for an identifiable reason.

All persons appointed to the Board are expected to be committed to the Institution’s values and to observe the highest standards of corporate governance in the exercising of their responsibilities, in particular the Seven Principles of Public Life drawn up by the Committee on Standards in Public Life, provided as Annex 1. The governance practices of the University are consistent with the revised “Guide for Membership of Higher Education Governing Bodies in the UK, published by the Committee of University Chairs in March 2009, available here.

The Board has approved a number of policies to support Governors in the areas of: Membership; Attendance; Induction; Development and Performance. Individuals appointed to the Board are expected to acquaint themselves with and act in accordance with those policies, available here.

Nomination for Membership of the Board of Governors

The appointment of Governors is overseen on behalf of the Board by the Nominations Committee. As part of this duty, the Committee will ensure that candidates are able to fulfil approved nomination criteria. The nomination criteria can be found at Annex 2.

Corporate Decision Making

The decisions of the Board of Governors are made by all members acting as a corporate body. All members are expected to exercise collective corporate responsibility for all decisions made, including those made by the Committees of the Board.

Members of the Board of Governors are expected at all times to exercise independent judgement when making decisions affecting the University and shall not accept nor be bound by any purported mandates from other bodies or persons. However, this should not prevent any member or members
representing to the Board the views of or representations made by any body, group or individual having an interest in the affairs of the University, provided that such representation can in no way be construed as a conflict of interest for the Governor concerned.

Conflicts of Interest

Upon commencing appointment, Governors are required to declare any pecuniary, family or other personal interest, direct or indirect, and this is noted in the Register of Members’ Interests. Any individual who is considering becoming a member of the Board, and is unsure whether they may have a conflict of interest, should contact the University Secretary for advice.

Governors are expected to update their entry at any time as and when their circumstances change, and the University conducts an annual update in accordance with the recommendations of the CUC, and also the recommendations of the Financial Reporting Standard 8 (FRS8), relating to disclosures of transactions in the University’s Financial Statements.

The University has Standing Orders for the Conduct of Board meetings, and these provide guidance on the management of any conflict of interest that may arise at a Board or Committee meeting. Please click here to view the Standing Orders for the Conduct of Board meetings.

Bribery Act 2010

Governors must give due diligence to the Bribery Act 2010. It is University Policy to comply with all applicable anti-bribery laws and the University will not tolerate any form of bribery and corruption.

The Board of Governors expects that all staff, associates and agents will conduct business in accordance with the highest standards of ethical behaviour.

Voluntary Status

In setting out the role and expectations of a Governor at LJMU, it is acknowledged that the role is of a voluntary nature and there may be limitations on the time Governors can allocate to their duties due to other professional and personal commitments.

It is also recognised that each Governor will have different strengths, interests and methods of working and, consequently, their contributions as Governors will be made in different ways.

Board of Governors’ Meetings

The Board of Governors holds a minimum of 4 meetings a year, but will call additional meetings if business needs dictate. Meetings are generally held in Liverpool City Centre commencing at 5.00pm and normally last approximately
2 to 2½ hours (though duration can vary according to agenda content). In addition, the Board holds 2/3 evening discussion/strategic workshops from 5.00pm to 9.00pm and an annual strategic event in January (usually) with overnight stay.

**Duties of a Governor**

The duties of a Governor are derived from the Instrument and Articles of Government, the Board of Governors’ Statement of Primary Responsibilities, and, Higher Education good practice provided by the Committee of University Chairs (CUC). Cognisance is also taken of prevailing good practice advice from other sectors as appropriate.

The primary, non-delegable responsibilities of the Board of Governors and thus the primary duties of a Governor are to:

- Determine the educational character and mission of the University;
- Approve the annual estimates of income and expenditure;
- Ensure the solvency of the University and the Corporation, and to safeguard assets;
- Appoint, assign, grade, appraise, develop, train, suspend, dismiss and determine the pay and condition of service of the holders of senior posts;
- Vary or revoke the Articles of Government.

Governors also have primary responsibility for:

- Ensuring the University has non-discriminatory systems in place to provide diversity and equality of opportunity for staff and students;
- Ensuring the University has a sound system of risk management;
- Ensuring processes are in place to monitor and evaluate the performance and effectiveness of the University against plans and approved key performance indicators (KPIs);
- Ensuring an anti-bribery culture such that the University, through its staff, associates and agents, conducts its business in accordance with the highest standards of ethical behaviour and financial probity and complies with all applicable anti-bribery laws;
- Ensuring the University adheres to its mission to serve and enrich its students, putting their experience at the heart of the University’s priorities.

**Committees of the Board**

The Board of Governors has 5 formal Committees that have delegated responsibility in the following areas:

- Audit (meets a minimum of 4 times a year)
- Employment (meets a minimum of 3 times a year)
- Finance (meets a minimum of 3 times a year)
- Nominations (meets a minimum of once a year)
• Remuneration (meets a minimum of once a year)

External Governors are expected to serve at least on one Committee, and the Board will endeavour to appoint a Governor to a Committee where their skills and experience can make the most positive contribution. Governors may also have an opportunity to contribute specific expertise by serving on working groups, established for specific purposes from time to time by the Board. Staff Governors are not members of the Board’s sub-committees.

Personal Attributes/Experience

The personal attributes and experience required of an LJMU Governor are:

• Provide E-mail copies of the LJMU Web News Bulletin.

The University has a Secretariat that manages the day to day operation of the Board of Governors, including the provision of administrative services, and acting as the main point of contact between Governors and the University.
Proper Conduct of Public Business

Governing bodies are entrusted with public funds and therefore have a particular duty to fulfil the highest standards of corporate governance at all times, and to ensure that they are discharging their duties with due regard for the proper conduct of public business. Institutions of higher education were included among the public spending bodies examined by the Committee on Standards in Public Life, and consequently members of governing bodies should observe the Seven Principles of Public Life drawn up by the committee. These principles are as follows:

- **Selflessness.** Holders of public office should take decisions solely in terms of the public interest. They should not do so in order to gain financial or other material benefits for themselves, their families or their friends.

- **Integrity.** Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might influence them in the performance of their official duties.

- **Objectivity.** In carrying out public business, including making appointments, awarding contracts or recommending individuals for rewards and benefits, holders of office should make choices on merit.

- **Accountability.** Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.

- **Openness.** Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands.

- **Honesty.** Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest.

- **Leadership.** Holders of public office should promote and support these principles by leadership and example.
NOMINATION CRITERIA FOR MEMBERSHIP OF THE BOARD OF GOVERNORS

The Nominations Committee shall be required to apply the following criteria in selecting or recommending nominees to the Board of Governors. These shall include prospective candidates, as nominees and candidates who do not satisfy the criteria will not be eligible for appointment or election to the Board of Governors and shall be disqualified from standing.

1. All nominees must be capable and have the intention of serving the full period of the term as a Board Member of which they are a candidate.

2. Prospective Governors appointed from amongst the staff must be full or part-time members of staff, and not sessional staff (who are contracted on a time limited basis, e.g. per semester) or staff with fixed term contracts of less than 2 years duration from the date the term of office commences.

3. The Nominations Committee must be assured that any prospective nominee is independent and not a representative of a third party organisation.

4. The Nominations Committee must be assured that the candidate understands and will abide by:-
   ▪ The University's Instrument of Governance;
   ▪ The University's Articles of Association;
   ▪ Any Code of Practice and/or rules of conduct from time to time in operation in relation to Board Members;
